

2026-2027 BROCHURE

Welcome future Centralian,

Now that you have reached the end of your prep class years, you are surely wondering where you will end up next year. That's perfect! We have carefully created this brochure so that you can best choose the school that suits you.

You will quickly see that beyond school rankings, there are other (much more) important criteria to take into account!

Your school is where you will settle for the next 1, 2, or even 3 years. It will introduce you to true student life, with its associations, events, and parties! Because yes, associations occupy a large part of school life. They will allow you to rekindle a passion left behind during prep class or develop other unsuspected talents. We present them all to you in the following pages.

There are associations, but there are also sports! You can practice a wide variety of sports at Centrale Lille, from team and ball sports to individual sports.

It is also your school that you will represent during inter-school tournaments, which is not to be neglected because when it comes to the atmosphere trophy, this is where it happens.

Lille is waiting for you, with its sun, its fries, and its beer. So if you are not afraid to fall in love, read this brochure carefully and join us next year. We are preparing a crazy integration to welcome you properly; we promise you won't regret it!

LILLE

If you think Lille is just a city of rain, cold, and beer, you're wrong (except for the beer)!

It's a vibrant, student-friendly city where life is good, so let yourself be charmed by its lively pedestrian streets and colorful squares! Small shops, art galleries, restaurants, and bars are popping up every day: there are always new spots to discover !

For example, you can enjoy delicious Welsh cakes at a local restaurant (estaminet) in Old Lille, then head to the bars on Masséna and Solférino streets; before dancing the rest of the night away at the many clubs in the city center. Centraliens also enjoy attending events and parties organized year-round by other schools in Lille. Although the campus is on the outskirts, you can reach the city center and the train station in just 15 minutes by metro.

After enjoying your first year on the ground floor, you might decide to move into a shared apartment in downtown Lille like some of the second-year students. This is your chance to live with your friends and take over one of the legendary apartments that have been passed down from generation to generation. You'll soon have the chance to check them out!

LA REZ

It's the perfect place to make the most of your first year as a Centralian. Located in the heart of the Cité Scientifique campus, the Rez is about a ten-minute walk from the school.

Nearby, you'll have access to numerous sports facilities (sports fields, a swimming pool, etc.), a huge library, and even the Pierre Mauroy Stadium, the headquarters for any true Lille fan. And most importantly: the V2 shopping center and its Auchan are just a 10-minute metro ride away.

There are also top-notch amenities available to you right within the residence itself: a large green space where you can play volleyball or relax in the sun all afternoon, a newly renovated gym, a lighted synthetic sports field, two parking lots, laundry facilities, community rooms, and even a pétanque court... Finally, let's not forget the common area and the barbecue area, where you can hang out with your friends during the frequent social events held all year round!

LES BUREAUX ET CLA

The “Bureaux” refer to the Student Council (BDE), the Sports Council (BDS), and the Arts Council (BDA).

These three groups are essential to student life at Centrale and are responsible for a wide variety of projects.

For example, the BDE organizes the WEI and the orientation period, as well as numerous parties and events throughout the year at the Rez or at Centrale.

The BDS oversees the school’s athletic life through numerous sports events throughout the year, such as the TEC, the Intercentrales, the Intra-Centrales... and also manages sports at Centrale!

The BDA, for its part, focuses on the arts and organizes events like RaLille, the TdN (Talents du Nord), and Ghost, but also participates in the ICares (the Inter-Centrales des Arts).

But beyond these three organizations, there’s still a vibrant student club scene, simply in the form of numerous independent clubs! They can focus on just about anything: events, humanitarian causes, science, gastronomy, music...

Within this landscape, Centrale Lille Associations (CLA) is the association (yes, yet another one) that manages all of these associations.

ASSOCIATIONS

The following four pages provide more details about these organizations and introduce, in order, Lill'Malaya (the elected BDE slate), Madaga'Sport (the elected BDS slate), Dinoz'Art (the elected BDA slate), and the members of CLA.

PS: Go to page 26 to find out exactly what a list is.

See you soon!

CURRENT BDS : MADAGA'SPORT

Hey there, young athlete! We're the Mad's, a group of 24 super-motivated friends who make up the current BDS at Centrale Lille.

As you've probably figured out: if you're into sports, you've come to the right people! At Centrale, we offer more than 20 sports—from soccer to spikeball to sailing—so we hope you'll find something you love.

To that end, various sports facilities will be at your disposal, such as the gym on the ground floor or the sports fields on and around campus.

With us, you'll also have the chance to travel all over the place for various tournaments. In France: Centrale Supélec for the TOSS, Lyon for the CCL..., and even abroad: Amsterdam for the SVU. But we also organize our own tournaments, such as the famous Intra-Centrales and the Centrale Lille Student Tournament (TEC Lille). Whether you're here to play sports or to come support our teams, we can't wait to welcome you for a year that's as athletic as it is festive!

CURRENT BDA : DINOZ'ART

Hey there, new student! Did you put music, photography, drawing, going out, and everything else on hold before school started? Don't worry—the BDA and all its affiliated clubs are here to get you back into the swing of things.

We're the Dinoz'Art (or Din's, as we're known to our friends). We're a group of 24 people ready to organize the best artistic and cultural events for you—and more. Throughout the year, we offer: super affordable cultural outings, opportunities to perform in front of students or even on big stages, parties, and plenty of other surprises... .

Right from the start of orientation, we invite you to take part in Ra'Lille, where you'll get to discover the beautiful city of Lille through a unique tour and meet tons of new people! Have you always dreamed of taking the stage? This is your chance to participate in our "Get On Stage" (GOST) events: three times a year, we set up a stage in the Foyer so you can showcase your talents and impress everyone at the institute. Was GOST not enough for you? Then come join Talents du Nord (TdN), our very own student talent show, featuring schools from across the Lille metropolitan area. Come show what you're capable of with top-notch resources and a professional stage! If you want to represent Lille against other Centrale schools, we'll take you to ICARES (Inter Centrale des Arts) in Lyon to try to win the title for a fourth consecutive time!

Plus, this year, the Din's are also taking you to the WEC in Amsterdam. See you soon for a colorful year of art!

CLA

centralelille
ASSOCIATIONS

Centrale Lille Associations (CLA) is the organization that oversees student club activities at the Institute. The 26 students on its Board of Directors (known as the Student Board) supervise the various clubs. One of their main roles is to wisely allocate the annual budget, which comes from student dues at the three schools. The goal is to support student club projects so that everyone can have fun at events and activities! If you're interested in these initiatives, feel free to contact the Board or talk to the CLA office!

CALENDAR

SEPTEMBER

INTEGRATION This is the period right after the start of the school year. Many events are organized at the Rez and in Lille so you can explore your new home and get to know the student organizations that will shape your years at Centrale! Club fairs, afternoons at the Rez, parties at the student center, and the “colocathon”: these are all great opportunities to meet the people who will be part of your new life in Lille... We encourage you to participate as much as possible to learn everything there is to know about life at Centrale.

WEI You've only been here a few days, and you think you've already gotten the hang of life at Centrale? It's time to kick it up a notch with the WEI—two intense days of fun. The buses, painted in the colors of the clubs they represent, will take you to a secret location where unique activities await you.

OCTOBER

FORUM A career fair featuring nearly 70 companies over the course of a day: the perfect opportunity to find an internship or simply expand your network. Consulting, luxury goods, aerospace...: you'll be able to explore a wide range of industries and talk with recruiters. Put on your best shirt, print out your resume (or create a QR code), and you're 90% of the way there!

TEC Organized by Centrale Lille, TEC 2026 will bring together many students representing their schools, who will compete in at least six sports: soccer, rugby, volleyball, handball, basketball, and cheerleading, as well as “recreational” sports such as pétanque, darts, and spikeball.

INTERCENTRALES The first outdoor sports tournament of the year, bringing together the five Écoles Centrales for six sports: soccer, rugby, volleyball, basketball, and handball—not to mention cheerleading. This year, it will take place in Nantes in October, with enthusiastic fans and a huge party.

NOVEMBER

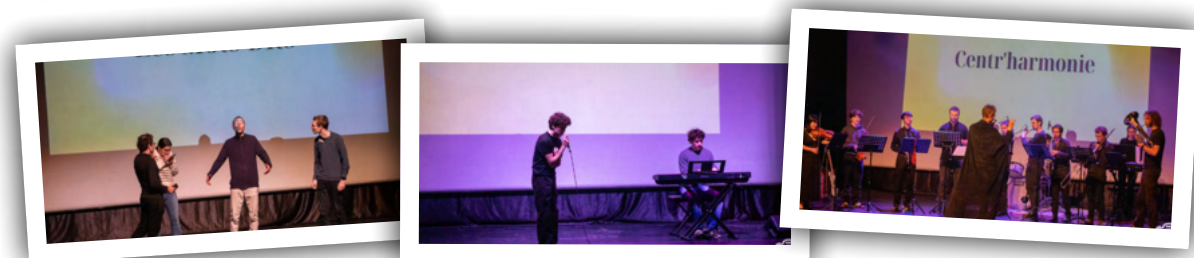

ICARES

If there's one artistic competition you shouldn't miss, it's definitely the Intercentrales des Arts (ICAres). The ICAres is a weekend-long artistic competition among the five schools in the Centrale group in France. This year, it will take place in Lyon. Come represent Centrale Lille in a fierce competition with a great atmosphere, through theater, dance, band music, marching band, and many other disciplines! Centrale Lille has been celebrated there for the past three years, and we fully intend to defend our title. If you'd like more information about previous editions, we recommend checking out the official ICAres Instagram account: @icares.centrale.

TDN

Want to discover the talents of students in the Lille metropolitan area? Or maybe even showcase your own? From music to magic, theater to circus arts, we'll also feature comedy, mentalism, and singing. Les Talents du Nord (TdN) features four hours of entertainment, twenty acts, and a friendly meal bringing together artists, audience members, and the judges. But a talent show means there are prizes up for grabs! From your seat in the audience, you'll get to vote for one of the winning performances. Join us in November at a large performance venue—whether you're in the audience or in the spotlight!

DÉCEMBRE

BDS CAMPAIGNS

It's the start of the new student organization leadership transition—the unveiling of the two slates that have been preparing for months and have passed the audits required to run their campaigns! They'll be giving it their all during this event-packed week to treat you to a great time. Their goal: to inspire you with all their activities and earn your trust (especially your vote) to manage sports at Centrale for the coming year! This year, it was the Bora versus the Mad's, and it was the latter who won us over. They're taking us on a wild ride of a sports year!

JANUARY

G1 INTERSHIP After the rush of end-of-semester midterms in mid-January, you'll spread your wings and immerse yourself in the corporate world for four weeks. It's a chance to explore a new field and boost your impressive resume! You can do it pretty much anywhere you want!

GALA (JANUARY OR FEBRUARY)

The Institut Centrale Lille Gala is an opportunity to bring together the different graduating classes (G1, G2, and G3) for an elegant ball where you can dance and have fun! Glasses of wine and champagne, a prestigious venue, and beautiful outfits: you can be sure this evening will be memorable!

FEBRUARY

SKI-WEEK After your break from École Centrale due to your internship, it's time to reunite with your friends for a wild week in the mountains! You'll be able to enjoy all the pleasures of the mountains: skiing, snowboarding, sledding, cheese, and charcuterie—not to mention the parties...

BDI/BDC CAMPAIGNS These are the campaigns organized by the other schools in the institute: a great opportunity to get to know the students at ENSCL and ITEEM, while enjoying free crêpes and the events they organize—parties in Lille, at La Rez, afternoons out...

MARS

BDE CAMPAIGNS

It's been an intense two weeks for our beloved student council members, who've planned everything down to the last detail to make sure you have the time of your life with tons of activities, meals, and parties! These massive campaigns pitted two slates of 24 Centraliens against each other, each promising a wild student life for the coming year. This year, the Layas faced off against the Crocs, and the Layas emerged victorious.

BDA CAMPAIGNS

We've barely gotten back from vacation—no time to catch our breath from the BDE campaigns—and we're already diving into the BDA campaigns. It's time for parties, crepes, and afternoons again—but this time with amazing decorations and even more creative ideas. Midterms are over; everyone's here to enjoy the last campaigns of the year!

LISTS

What is a “list”? First and foremost, it’s a group of friends. At Centrale, running for office (joining a list in the hope of being elected to the BDE, BDS, or BDA) is a tradition. So, whether you want to help future G1 students settle in, run the WEI, organize sports tournaments, or put on cultural and artistic events, you can decide to run for BDE, BDA, or BDS.

During the 2025–2026 academic year, there were 4 BDS slates, 2 BDE slates, and 3 BDA slates. That represents 80% of the class—in other words, there’s a good chance you’ll be running next year...

In the list logos on this page, you might recognize the logos for the Laya, the Mad's, and the Din's. In fact, before being elected as BDE, BDS, and BDA, they were simply competing lists against one another.

For every BDE, BDS, or BDA election, there are first selection rounds: the audits, after which only the top two lists by score can run campaigns. As you’ve probably figured out, the final step before being elected is to defeat the other list that made it through the audits during the election campaigns, as you can see on this year’s calendar.

The slates that weren’t able to campaign are called “pipos.” The slates that lose the campaigns are called “BDLs”... These are the slates presented to you in the following pages, just like the Laya, Mad's, and Din's at the beginning!

CROCOD'LILLE (BDL)

Hey there, future Centralien! If you're reading this, it means our undercover agent did a great job.

The Crocod'Lille is the BDL slate with a spy art director—and if you don't see any connection between our name and our theme, that's normal: there isn't one.

Recognizable by our green sweaters (like half the lists—the ultimate camouflage), we didn't let our defeat in the BDE campaigns get us down. We're the list with the biggest line (the one for mambo), the most delayed party in history, and the most indebted student council on campus—in short, we handle everything like pros. In fact, we're so committed to our role as secret agents that our campaign account got hacked.

Despite these minor operational hiccups, turning every event into a secret mission remains our specialty: we're infiltrating every corner of campus, from parties to student organizations—Comm Flash, Foy's, Société Michel... and many more.

In short, as you can see, when you're asked which list is your favorite, there won't even be a question to ask. Seeing you check the Crocs box in the sponsorship poll is our biggest dream. In the meantime, find us on Instagram... if you can find us.

SPORTA BORA (BDL)

Have you just wrapped up 2 (or 3) years of hard work and are you more motivated than ever to celebrate in style with a vacation-like vibe? Welcome to the Bora crew.

We're a group of friends—24 die-hard party animals—who show up to any event, whether it's a party, a sports game, or a MOOC study session on Sunday nights. You can't miss us: after losing the BDS campaigns (#by3votes), we decided to bring the sunshine of Bora Bora to just about every student organization on campus. From the president of Centralitude to Cocktail, Société Michels, numerous roles at the Foy's, and even a "trez" who's taken over every organization—our crew never stops.

And after taking over the clubs, we've also taken over Lille with four big shared apartments that you'll get to check out during the famous "colocathon"—or even sooner if you're lucky enough to have a Bora mentor. So if you can't wait to meet us, feel free to check out our Instagram account @sporta_bora to get to know us!

SPORT'BOYARD (PIPO)

Welcome to Fort Futurs, Centraliens and Centraliens! We're the Yards, your future favorite BDS "pipo" list. So don't hesitate to join us for an insane orientation.

But what exactly are the Yards? First and foremost, we're a very tight-knit group—some members will even tell you we're like a family. Despite sleepless audit sessions, with members giving it their all, we ended up stuck in the fort...

But the Yards don't let that get them down: they throw wild "BeFort Boyard" parties before every Centraliens event. If there's one place where you're sure to find the Yards, it's at parties—they live the Centrale life to the fullest and are always very active at every student and club event. The Yards are also a group where a great atmosphere reigns and where the humor is sometimes questionable.

However, the Yards know how to be serious when it counts and will support you throughout your orientation in every way, since they're part of several clubs: Centrale Terroir, Centrale Cocktail, EH, Plug'in, Gala, KCN, CLIC, Centr'aide, Forum, CLP, Écllosion, Paingouin...

We can't wait to meet you and welcome you among us, young little tigers, for an unforgettable orientation experience.

SPORTA NOSTRA (PIPO)

Nice to meet you, and welcome to the shadowy world of the Sicilian Mafia. If you're not familiar with the culture and didn't get the reference, "Sporta Nostra" comes from "Cosa Nostra" (the Sicilian Mafia).

To tell you the truth, we pulled a "Pipo" (meaning we didn't run a campaign), which lets us keep thinking we would've swept the votes (when in reality we would've accidentally set the dorm on fire).

But the "Nostra" is, above all, a legacy—all our members have bounced back from that grueling defeat. From the student union presidency and the BDE to the Clap presentation, the Nostras shine at Centrale Lille (the bosses, after all).

In other words, pulling a "Pipo" wasn't a dead end—it was a step toward a bright future.

Follow us on Instagram: [@sporta_nostra](https://www.instagram.com/sporta_nostra)

ART'CANE (BDL)

Hello, future Centrale student!

We're Art'Cane (also known as the Arc's), this year's BDL BDA slate. The Arc's are a wild bunch of friends with colorful personalities, all united by their love of ancient spells and their mascot Medusa (Fahh to her friends).

Our mindset is to make the most of everything there is to do at Centrale Lille—from parties to art clubs to sports. As lovers of shitposting (hint: the mascot's name) and magical adventures, we're into everything and never turn down a wild and wacky plan. So don't hesitate to join us to enjoy the crazy events of the Centrale Lille year—or just some chill moments, whichever you prefer.

You can find us in tons of clubs like the Gala, CLIC, CLAP, Plug'In...! To get to know us better, feel free to follow us on Instagram! @art_.cane

DRAKK'ART (PIPO)

Welcome, young Viking! After a long journey across the turbulent waters of competitions, you've now reached a new challenge in the depths of the sea: orientation. But don't panic—the Drakk'Art (THE best Pipo BDA list Centrale Lille has ever seen, and probably the only one) are ready to welcome you! With profiles as varied as the weapons we wield, there's something for everyone here! But be careful—tunnels can pop up out of nowhere!

If you're looking for us, you'll surely find us in a club. With us, you can develop your creativity in all its forms—whether in the quiet of a studio or setting the stage on fire! Whether it's at Plug'In, DVC, CAG, or other art clubs, the Drakk's will gladly welcome you aboard their ship. And if art isn't your thing, we're also active at Impulsion, Écllosion, and Résoléo.

If you're ready to join us on this adventure, follow the Drakk's on Instagram: @drakk._art! In any case, we're ready to welcome you at Centrale Lille.
